TECHNOLOGY**

Daphne Technology SA
Chemin de la Venoge 7
CH-1025 Saint-Sulpice
<https://daphnetechonology.com/>

Founded in 2018, Daphne Technology SA is a green technology company that is revolutionizing the transportation industry by offering the most cost-effective and ecologically-superior technology to tackle and reduce air pollution. Daphne Technology's first product, SulPure®, is a catalyst-free gas purification system to help the petrochemical, power and transportation industries reduce air emissions to the levels required by international and national regulations. The company employs approximately 20 people, is headquartered in Saint-Sulpice (Switzerland) and has subsidiaries in Gothenburg (Sweden) and Oslo (Norway).

We would like to reinforce our product development team in St-Sulpice, VD through the hiring of a:

Software Engineer – Automation and IoT

As software engineer at Daphne Technology you will be responsible for the design, implementation, and testing of cutting-edge SCADA systems for our EConverter product line including deployment and software lifecycle management. Furthermore, you will have a central role in the development of our IoT and data analytics software, where you will be working as full-stack developer on prototype and MVP implementations.

Responsibilities

- HMI/SCADA design in C#/WPF
- Dashboard development with modern web-technologies
- IoT device connection and management
- Software deployment and lifecycle management

Qualifications

- BSc/MSc degree in computer science or related field
- Professional experience in object-oriented software development using C# and WPF
- Affinity for IoT connectivity and experience with cloud computing (Azure, AWS, Google)
- PLC programming knowledge (TwinCAT) is a plus

What we are looking for

- An enthusiastic person motivated by designing and building innovative solutions
- Passionate commitment to a sustainable future
- Structured and methodical
- Ability to work independently and as part of a team
- Self-motivated with a desire for personal growth
- Excellent written and oral communication skills in English

Workplace: Daphne Technology SA, 1025 Saint-Sulpice, Switzerland (with occasional travel to Daphne Technology Sweden AB, 411 04 Gothenburg, Sweden). Mix between working remotely and on-site possible. Requires Swiss or EU citizenship or valid work permit for Switzerland.

Contact: Dr Dominik Neumayr (dominik.neumayr@daphnetechonology.com) or Dr William Ramsay (william.ramsay@daphnetechonology.com)
